Co. B: John Dudkiewicz
Co. E: Charles Bagneski
Co. G: Gary Klas
Co. K: Bob Mann
Battery B: Terry Brown
Co. C: Open [Inactive]
Co. H: Open [Inactive]
Shooters: Open
Advisor: Scott Sonntag

HANDBOOK

5.00 Handbook

The 2nd WVI will publish its policies, rules, and procedures in a convenient Handbook to be given to every member. Members will be expected to cheerfully and honorably abide by the Handbook. The Handbook will have the intent of creating a clear and understandable framework for how the Unit is to conduct itself in order to avoid confusion, frustration, and double standards. Further, it should be remembered that the Handbook is formulated and approved by the Unit as a whole, not by any single individual(s).

5.01 Permanent Handbook Approval

The Handbook will be permanently approved by majority vote of the Unit at the annual meeting. Permanent amendments will be made at this time with any such amendment being discussed and approved by majority vote. The Unit vote at this meeting will have precedence over all other previous votes. Expense of publication of the Handbook must also be approved by majority vote. A tie vote will be considered a non-majority vote. Any changes to the Handbook will be published in the Fugleman citing the appropriate statute. Updated Handbooks will be published only as necessary if and when enough changes may require a new publication.

5.02 Temporary Handbook Approval

Temporary changes may be made to the Handbook for a period lasting until the convening of the annual meeting. This may occur by majority vote of at least 7 present officers. No more than 4 officers may be from the same Field Command and if more are present, they are selected by seniority. Tie votes will be considered a non-majority vote. Any member can request a temporary amendment making such a request to the Unit Commander. Any amendments made must be announced to the Unit and published in the Fugleman by the member who proposed the successful amendment citing the appropriate section number.

5.03 Distribution

The Headquarters Staff will be responsible for distribution of the Handbook. Any Handbooks given to new members after an amendment has been made, must reflect the change with this being done by the Headquarters Staff.

5.04 Handbook Authority

Any Field Command within the 2nd WVI may make subsequent and specialized publications associated with the needs and circumstances for those Field Commands in the Handbook. However, all such publications from a given Field Command will be subject and subordinate to applicable sections of the Handbook and any specialized Field Command rules must be published in the designated section of the Handbook.
