

THE FUGELMAN SPECIAL EDITION

LATE NEWS AS ASSOCIATION MEETING LOOMS!!

As the annual meeting of the Second Wisconsin Volunteer Infantry draws close there are a couple of late items to share with the regiment. The Association secretary was unable to get the minutes for the 2009 annual meeting out to be included in the January issue of the regimental paper. By having the minutes at hand prior to the meeting our members have the opportunity to review them and it would allow a motion to dispense with the reading if the membership is so inclined.

Motion passed treasurer's report (2008) accepted as given (no discussion or changes made)

President's/Commander's report: given by Pete Seielsatad

Pete gave 3 goals that were either met, or needed continued work

- 1) Communication has been met; it is the key to the organization. We must continue to use tools that are available (i.e. telephone, e-mails, and the Fuglemen)
- 2) Authenticity is a goal that still needs to be addressed, it has become better, but things to watch for is non period items that have been found in camps (i.e. plastic, non-period containers, etc) uniforms and equipment is an issue that still needs work, for help see your company recruiter, or Tom Klas.
- 3) Recruiting needs to be addressed, with more time lines (World War II as an example) competing for recruits we must be more diligent in our efforts. Pete used example from Co. E (Dave Seilski ran an add in the local Green Bay paper that reached an estimated 110,000 people) to help in recruiting efforts.
- 4) Pete was very pleased with the way the 2nd handled themselves at the National event at Gettysburg. The 2nd received many positive reports from other units. Pete thanked the members for there participation and professionalism, on behalf of the entire leadership.

Secretaries report: given by David Dresang Jr/Scott Sonntag

Before the report was given Pete Seielstad told the members that David had and was going through some serious medical issues, and he was very pleased to see David, not only at the meeting, but continuing his duties, the members gave David a standing ovation (which David was very overwhelmed and grateful)

David explained a little about the problems that he still faced, but recognized the efforts on many of the membership to help keep his spirits up, and a special thank you to Scott Sonntag for taking on many of the duties while David was recuperating.

- 1) David reported that the Association had in 2008 146 paid members, and 26 members from Co. H that although they didn't pay dues directly to the Association were still members, they had 26 members in 2008 which brought the total to 176 members in the 2nd Wisconsin.
- 2) He outlined the 3 different rosters, and explained what each roster meant, and the importance to have 3 to make information easier to come by.
- 3) He also explained about the membership/medical cards. Membership cards are to be given to members at time of dues paid; he also mentioned that there seemed to be a lax in getting those cards out to the members.
- 4) Medical cards are on a volunteer basis only.
- 5) Application forms need to be filled out entirely, including the area of company affiliation and who recruited that person, if neither is filled out, and then the application will be forwarded onto the nearest company.
- 6) Calendar of events need to be turned in quickly, any event listed is an open invitation to all members to help out. If you do not wish other sister companies to join in, do not send that event in.

Company Officers Report:

Company A: given by Scott Frank

Voted December 20th, 2008 to be non-active with the Association. Those who wish to remain active with Association can still register as Co.A. Tom Klas/Andy Seymour has offered to maintain a roster on the Association because of lack of attendance at events and even the meeting was cited as reasons for the move. Only 4 voting members exist, and two were at the meeting.

It was voted to liquidate belongings to those who will put them to use. Funds were donated to a NPO historic related organization.

Co. A is trying to reorganize; anyone showing up at an event will fall in with another company.

Pete spoke up and told Company A that they are always welcomed at any event, that they will always be an active company, they will fall in with other sister companies.

Company B: given by Jeff Blakely

10 years ago, Company B invited the Venture crew to join them and has been very successful.

The Company is very solid, but numbers are down. Working on recruiting.

Company C: given by Bill Acheson

They are having their annual meeting the following week, so they have nothing to report at this time.

Company E: given by Doug Rasmussen

E has 44 military on the roster; they had 5 new members join last year, and so far, 3 new members this year. E has 12 civilians that are active in some form (i.e. laundress impression) the ladies are also very active in Company E's many school events.

E has decided to come-up with their own by-laws (not to supersede the Association's) Women have been given the right to vote on non-military matters.

This coming year 2 more events have been cancelled Hazelwood Historic House and Cudahy (sponsored by the 10th Tennessee) E has picked up a new event at Pinecrest in Manitowoc in conjunction with the 5th Wisconsin.

Company G: given by Gary Klas

They had a good time, and look forward to more this coming season.

Company H: given by Tom Bispo

No report, other than they have sent in their roster

Company K: given by Craig Mickelson

They had their annual meeting 2 weeks ago; they have 26 paid members, and 4 new members (they expect more members to pay dues in the next few weeks)

Their main school event is May 15th at Bluemound Park, they expect somewhere around 2,000 students to show, and are looking for help if anyone can come, and they would appreciate it. They will have a catered picnic afterwards, but they need to know how many will be in attendance.

Battery B: given by Terry Brown

The Battery had a very good season, and a very safe season!

Brant Doty has been elected the new Battery Commander.

The Battery is the host unit for 2 events, Sauk City, and Menominee Falls, would like to invite as many of the membership to come out and help support them.

The Battery has 18 on the roster, they have 2 new members, but their numbers are down. They will have a new Command structure; their annual meeting is February 14th.

Skirmish Team: given by Gary Van Kauwenbergh

The roster did not change from 2007; they have 29 members on the roster. Gary expects a slight rise in membership this coming year.

The skirmish team is involved in 7 different categories

Musket team, carbine team, revolver, smoothbore, Henry rifle, cannon and mortar:

Musket A team finished 3rd, and we fielded the only "B" team to compete in 2008

Carbine team finished (A) team 2nd (B) team 1st

Revolver team finished 1st

Smoothbore 1st

Cannon finished 2nd at Boscobel

Motor finished 4th at Boscobel

Anyone from the 2nd can participate with the skirmish team.

The skirmish team has been able to put a team in every line since 1995!

Old Business

1) Insurance policy

a) Gary Van Kauwenbergh was asked (last year) to check on the possibility of changing our existing insurance to another carrier. His results are with Eastern Insurance Company who deals with groups such as Reenactors. The cost would be

a) \$828.10 or `

b) \$931.10 it improves the amount of coverage we have now. (It also covers terrorism)

1) This insurance does not include any riders (extra rider is \$100.00 per rider)

2) Our present coverage (Mangold Insurance)

a) Scott Frank is presently in charge of renewing our insurance

1) Our present insurance costs are

a) \$1551.00 (which includes a special rider for Co. K's school event)

b) Our present insurance is for liability only

c) We presently have a \$1,000,000 umbrella

Gary Klas asked if the insurance covered the damaged down at the Waukesha event when several windows were damaged, and Terry Brown said they were fully covered.

Motion was made to table the insurance issue till the next meeting, a committee to be formed to review the insurance matter.

Jeff Blakely made motion

2nd by Robert Schwandt

Bob Mann made an amendment to have it done by February 15th when the insurance comes due

Amendment accepted

Open for discussion

Question was brought up, are members outside of Wisconsin (Company C in particular) covered by insurance. The answer, any dues paying member is covered by insurance at an event.

Members who agreed to be on committee are:

Terry Brown, Scott Frank, Scott Sonntag (advisor) **Gary Van Kauwenbergh** (advisor)

It was decided to let those on the committee decide which policy to go with.

Motion carried

2) Dues

Scott Frank discussion on dues and where the Association stands

- a) worse case scenario it would cost each member \$9.00 for insurance
- b) best case scenario \$7.50 per person for insurance
- c) Hall rental \$100.00
- d) Scholarship fund \$500.00 which equals \$2.50 per person to cover
- e) Other funds (i.e. memorials, extra costs for running Association)
- f) Total cost to run the Association per year \$2,500
- g) Association has roughly \$5,400 in bank
- h) Insurance has more than doubled over the last several years

Open discussion for options on dues

Gary Klas: \$20.00 per person will cover everything, Gary then told how (in the past) they came up with the different dollar amounts, such as \$20.00 for single membership, and then if more than one in household and to make it accessible for families, each extra household member would only pay \$8.00.

Scott Sonntag, there is nothing in the handbook, you are either a member, or you're not, no such thing as an Associate member.

Andy Seymour made motion to raise dues to \$20.00 for all members

2nd by Jeff Blakely

Bob Mann amendment:

Raise of dues to take place in 2010, amendment accepted

Discussion ensued

Gary Van Kauwenbergh, raising dues straight across the board is too much, and can place a burden on those families that have more than one or two members in the same family.

Terry Brown suggests that a special family rate of \$30.00 is more than acceptable. If only 2 members from the same household, it would only raise dues by \$2.00, if more members of the same household, it would make it much more affordable.

Terry Brown amendment:

Individual dues \$20.00 Military only

Family \$30.00

Terry Brown amendment:

Family dues military membership \$30.00

All amendments accepted

Motion made to keep single military dues at \$20.00

Family military dues will be \$30.00

New rating system to begin in year 2010

Motion passed

3) Scholarship Program

Discussion on the scholarship, last year was a 3 way tie, with Terry Brown was fourth judge to break tie. The same person has won the scholarship all 3 years that the program has been going on.

Jeff Blakely made motion to give out (2) \$500.00 scholarships starting with this coming year 2nd by Scott Frank

Motion passed

The 2nd Wisconsin will award 2 scholarships this coming year

4) Fugelmen

5) Website

Pete Seielstad: The website is a great source of information/ an excellent recruiting tool

Jim Johnson: The website had more than 1,250,000 hits this past year, and record set with more than 150,000 hits in one month. The Fugelmen is also on the website.

A PROPOSAL FOR A NATIONAL EVENT TO BE CONSIDERED AT ANNUAL MEETING

Gentlemen,

As we have discussed informally at several events last season, I would like to propose a possible Battlefield Trip in lieu of attending a National Event, as we start to gear up for the big 150th cycle in 2011. 2010 will be 1865 in the current cycle. There has been no big buzz about nationals this year.

The Black Hat Battalion has decided to do the living history at Antietam. I am certain that starting in 2011, we will all be in high demand in our areas, and all of the events nationally will be wanting to do special things for the next 5 years

Dates are hard to determine in right now. Not having full knowledge of company schedules, two weekends that look like they

Might be between things
are July 22-26, and September 9-13.

As on an Event trip, I would propose we leave Wisconsin on a Thursday morning, and return on Monday night. The difference being, we only visit battlefields, and do not do an event.

I was trying to come up with places we may not visit often, or ever in other circumstances.

SCENARIO A:
Ft. Donaldson
Stones River
Atlanta Cyclorama
Andersonville

SCENARIO B:
Fredricksburg [Spottsylvania
Richmond (Cold Harbor, Gaines Mill, Fraysers Farm, Malvern Hill, Drewry's Bluff)
Petersburg
Appomatox

SCENARIO C:
Springfield IL
Wilson Creek
Vicksburg

These scenarios are staring blocks, some may be too limited or too ambitious, especially Richmond. Richmond may be a bit depressing as well.

Those listed above have some acreage set aside, but very nearby, Oak Grove, Fair Oaks, Seven Pines and White Oak Swamp are pretty well swallowed up in development.

If any of these is a go, and a date is agreed to, logistics would have to be worked out. I have not talked to Craig recently, but if I remember correctly, the bus sizes are 28, 46 and 54. Motels will be more costly, as we would have 4 nights instead of 2. Obviously, meals would be a bit more.

Again, I would like to put this proposal in front of the membership for this year. I volunteer to be part of, or in charge of logistics for this. The areas of attention will obviously be 1. Travel, 2. Lodging, 3. Meals. I will attempt to send some potential costs to this same mailing list prior to the Annual Meeting. If anyone has any suggestions, or can help in any area, please let me know.

Your humble servant,
Pvt. John S Dudkiewicz
Co B, 2nd Wisc. Vol. Inf.

ANOTHER POSSIBILITY FOR A NATIONAL EVENT FOR THE ASSOCIATION

There is little detail available as our Association annual meeting approaches, but the editor has been made aware by a couple of our members of an event sponsored by the Western Maryland Heritage Foundation. This is the same organization that sponsored the popular "Summer of '62" and "September Storm" events in the past. As this special edition goes to press their website promises that information is coming soon. A link to their website will appear below if you want to watch for further information.

At this point it can be reported that the event will take place in Elizabethtown, Pennsylvania. The planned scenarios appear to cover the Second Bull Run campaign. Among the battles to be recreated are: Chinn Ridge, Thoroughfare Gap, the Railroad Cut, and of special interest to the men of the Second Wisconsin, Brawners Farm!
